# Sieg Gabriel Sola

Quantitative Analyst
0951-976-4162 | sieggabrielsola12@gmail.com | linkedin.com/in/sieg-gabriel-sola | Portfolio Projects

## Education

**Bachelor of Science in Mathematics** September 2022 – May 2026
*Southern Luzon State University* *Lucban, Quezon*

- GWA: 1.44 - Cum Laude
- DOST - SEI scholar
- Mathematical Socity of SLSU - 3rd Year Representative (A.Y. 2024 – 2025)

## Experience

**Research Intern - Quantum Innovation** March 2026 – April 2026
*Department of Science and Technology - Advanced Science and Technology Institute* *Quezon City, Metro Manila*

- Developed and benchmarked quantum encoding strategies using Qiskit and PennyLane for hybrid quantum-classical machine learning algorithms.
- Designed and executed statistical procedures to audit the outputs of model configurations using non-parametric testing and correlation analyses.
- Co-authored a comprehensive research on model architectures and performance metrics, enhancing understanding of quantum applications.

**Accounting Intern** June 2025 – August 2025
*LGU - Rizal, Laguna* *Rizal, Laguna*

- Verified financial records by cross-checking expense reports, receipts, and payroll computations against official documents while coordinating with municipal departments to resolve discrepancies and obtain approvals.
- Digitized 11 barangays' financial data across 6 months into Excel, creating an organized database for the municipal accounting office.

**Math Expert and Math Reviewer** August 2020 – January 2024
*Photomath Inc.* *Remote*

- Produced over 2,800 step-by-step technical solutions (Algebra, Geometry, Calculus) in LaTeX for a global student user base, translating quantitative reasoning into clear and precise explanations.
- Reviewed over 13,000 peer-submitted solutions for mathematical accuracy and strict formatting standards.

## Skills

**Tools**: Python (pandas, NumPy, matplotlib, Qiskit, PennyLane), R, Excel (Pivot Table, LOOKUP, Macros), Word, Power BI, SQL, LaTeX (Overleaf, TexMaker), Web Basics (HTML, CSS), VS Code/Antigravity
**Mathematical Sciences**: Statistics (Parametric/Non-parametric Inference, Hypothesis Testing, Post-hoc Analysis), Probability, Multivariate Analysis, Time Series, Linear Algebra, Actuarial Math

## Certifications

**Career Service Professional Eligibility (Second Level) - 94.60%** Passed May 2025
*Civil Service Commission*

**Data Scientist: Analytics Certification** August 2025
*Codecademy*
